

OUR DOCTORS

Dr Hadi Moattar

MBBS, FRACP

Gastroenterologist & Hepatologist

Dr Hadi Moattar is a clinical Gastroenterologist and Hepatologist with special interest in Inflammatory Bowel Disease (IBD), Irritable Bowel Syndrome (IBS), Luminal Endoscopy and Polypectomy.

Dr Moattar completed his Medical Degree with Distinction in 2004 and has since worked in various hospitals in the United Kingdom and Queensland. In 2016, he completed his Gastroenterology and Hepatology Fellowship after being trained at Mater Adult Hospital, The Prince Charles Hospital, Royal Brisbane and Women's Hospital, and Townsville Hospital.

Dr Moattar then worked as an Inflammatory Bowel Disease Fellow with the Fiona Stanley Hospital (Perth's main IBD centre) in 2017 to expand his experience and skill in the management of complex patients with Inflammatory Bowel Disease.

He uses his clinical and interpersonal skills to optimise patients' care and quality of life in close collaboration with IBD Nurses, Dietitians, Colorectal Surgeons, Clinical Psychologists and Radiologists. Currently Dr Moattar works as a staff Gastroenterologist at Gold Coast University Hospital.

Dr Moattar enjoys teaching junior doctors and students; he actively participates in quality assurance projects and publishes the results of these projects in both national and international, peer-reviewed journals.
