

OUR DOCTORS

Dr Michael Burgess
BDS (Syd), BMed (Newc), FRACDS (OMS)
Maxillofacial Surgeon

Dr Burgess is a specialist Oral and Maxillofacial surgeon with a special interest in Temporomandibular Joint surgery and Orthognathic surgery. He currently has appointments at The Royal Brisbane and Women's Hospital and the Queensland Children's Hospital as well as a private practice in Brisbane.

Originally from Maitland, NSW, Michael finished school at St Joseph's College in Sydney before completing Dentistry at Sydney University. After working with his father in Newcastle as a dentist for 2 years Michael went back to medical school at Newcastle University.

After completing his formal medical training in Newcastle Michael started Oral and Maxillofacial surgical training, working in Sydney, Perth and Brisbane. After training, Michael completed a specialist fellowship in Melbourne with Dr George Dimitroulis, a world leader in his field of Temporomandibular Joint surgery. As part of this training Michael also trained with Orthognathic surgeons Dr Patricia Bordbar, Dr Joseph Gunn and Dr Ricky Kumar gaining significant experience in Orthognathic Surgery, particularly asymmetric facial deformities using Virtual Surgical Planning.
